

JANUARY 2009 TTCANA H&I REPORT

KERRY B. / TTCANA H&I

-Emailed DECEMBER 2009 TTCANA H&I REPORT to Area Secretary for archiving and Area Webservant for posting on H&I webpage.

-Attended and participated in TTCANA Convention.

-participated in PI/H&I information table located in the convention hotel lobby/registration area. An "interest list" was provided for those interested in getting involved. Several names were recorded and those folks are being contacted.

-the nearly \$250.00 H&I literature order was delivered to the convention by Area Literature Chair, Charlie H.

-facilitated H&I Convention Workshop. Buddy D./Houston Area and Ben C./Northside Area spoke and provided much needed experience, strength, and hope. Attendance was very good. One point of interest was the Houston and Northside Areas' intent to float the idea of creating a Metro Service Committee for PI/H&I to include themselves and TTCANA, much the same as the successful MSC meeting schedules.

-met, networked, and garnered much needed information from TTCANA members who, previously unbeknown to me, are taking meetings into TDCJ facilities in the TTCANA.

-networked with folks involved in Houston Area H&I.

-Attended and actively participated in TTCANA Area Service Committee meeting.

-attendance was low at the H&I sub-committee meeting, but there was attendance, and that is progress.

-my electronic communication abilities should continue to improve. I was blessed to win the raffle at Saturday night's convention main speaker meeting and have earmarked a portion of those funds to subscribe to a high-speed internet service.

-applied, through exiting TTCANA Treasurer, Scott, for FedEx/Kinko's card.

-proud to announce that Texas City Here & Now Group has recently elected Jason E. as their Group H&I Representative. That brings our total number of known TTCANA Group H&I reps to (4) four.

-the TTCANA PI/H&I working relationship continues to improve.

-(4) four Basics Texts, and a letter, donated by members of the Williamsport Area of NA/Mid-Atlantic Region of Pennsylvania, C/O Tejas Bluebonnet Region, were given to me to use for H&I. After reading the letter, it was obvious the books were intended for storm damaged Area Groups. It was quickly agreed that TTCANA Literature should bank 'em and I agreed to thank 'em. The books were given to TTCANA Literature Chair Charlie H. until a needy Group could be identified.

-tentative plans to attend the upcoming quarterly Tejas Bluebonnet Regional Service committee meeting in Kerrville, Tx. were formulated with newly elected RCM1 Heimy H.

In loving service, Kerry B./TTCANA H&I
